Episode #7 "Cattle Wolves"

* * *

Terence O'Rourke and Mary Marshall are being pursued by Buck McLeod and his desperadoes who are after O'Rourke to prevent him from testifying to a forgery involving the perfidious Topaz Taggart and Stella Montrose, an unscrupulous adventuress. O'Rourke has been thrown down a steep embankment and his body is picked up by Komi, the Indian, who prevails upon Buck to let him bury the body.

With O'Rourke out of the way Taggart orders the McLeod gang to steal all the remaining cattle of the Bar M Ranch and makes it easy for his outlaws by advising Mary to have all the stock corraled for shipment. He sends with Mary the false Stella to "keep her company," instructing the latter to signal the thieves at the right time.

O'Rourke reappears in disguise at the stronghold of the rustlers and knocks down the sentinel, who rises on his elbow and shoots O'Rourke. He falls off the edge of a precipice.
